**PRESS RELEASE** September 24,2020

### **ECF's Pandemic Safety Training now launched in the Caribbean**

Elite Community Foundation (ECF) of New York is pleased to announce that our **Pandemic Safety Training** is now being offered outside the United States. ECF's **online Pandemic Safety Training** focuses on COVID-19, best health practices, and how to maintain safety.

Elite Community Foundation is currently training residents, congregations, community organizations, clergy, teachers, and medical personnel in Jamaica. ECF has partnered with US organizations such as Elite Education and Training Services and collaborated with local Jamaican organizations to present this training **free** to residents and groups.

Elite Community Foundation has over 100+ Jamaican learners in our course room and these learners have connected with our course room via cellphone, tablets, desktop computers, and laptops.

To sign-up your group, church, organization, or yourself for this training: visit ECF's website at our "Contact Us" form - [ecfnys.org](http://ecfnys.org), email - [ecfnys@gmail.com](mailto:ecfnys@gmail.com) or call **(718)500-4618**.

*"No individual, family or community should be left behind"*
